

HMH Tube Information Guide

HMH Rigid Cut-To-Length - Large (1/8" OD, #91001) & Small (3/32" OD, #91021)

- Sold in 5" lengths
- Cut to any length
- Large requires .062 mandrel or pin
- Small requires .041 mandrel or pin
- Fly is tied directly on tubing - Large or Small
- Small nests inside Large
- Large does not typically require junction tubing for hooks with small eyes
- For junction tube on Small use Large or Med HMH Hybrid or HMH Small Junction Tubing
- Large excepts our Large Custom Drilled Conehead
- Small excepts our Med Custom Drilled Conehead
- Use Small to line Shumakov Long Range Bottle Tubes

HMH Cut To Length Thick-Wall (3/32" OD, #91022)

- Sold in 5" lengths
- Requires .031" pin
- Use Large Hybrid, Med Hybrid or Small Junction tubing for hook holder
- Tie fly directly on Thick-Walled tube
- Takes Med HMH Custom Drilled Coneheads
- Nests with Large Hybrid Tubing
- Three colors available: Clear, Yellow and Red

Cut To Length Micro (1/16" OD, #91041) & Thick-Walled Micro Tubing (1/16" OD, #91051)

- Sold in 36" lengths
- Micro takes .041 pin or mandrel, Thick Walled takes .031 pin
- Can tie fly directly on Micro and Thick Walled Micro tubing
- Nests with Large and Med Hybrid tubing, Small Junction tubing and HMH Flex tubing
- Use Large Hybrid, Med Hybrid or Small Junction tubing for hook holder
- Accepts most standard drilled cone or beadhead
- Use as liner tubing for Shumakov bottle necked tubes
- Use as liner tubing for HMH copper and aluminum premium tubes

HMH Hybrid Tubing - Large (.085 ID x .125 OD, #95001-xx) & Small (.070 ID x .100 OD, #95002-xx)

- Sold in 36" lengths
- Use .062 pin or mandrel for LG, .041 pin or mandrel for Sm
- Can tie directly on Hybrid tubing
- Nest with Micro or Thick-Walled Micro
- Use as hook holder for all 3/32" OD HMH tubes
- Acts as its own junction tubing/hook holder
- When adding standard drilled cones and beads, nest with Micro or Thick-Walled Micro

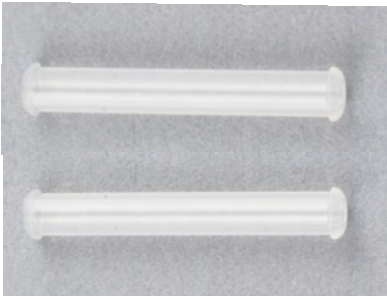

HMH Neo Flex Tubing (1/8" OD, #93101 green, #93102 pink)

- Sold in 36" lengths
- Two colors - Neo Pink and Neo Green
- Stiffer and thicker walled than Hybrid tubing
- Stiff enough to tie directly on - use .062 pin or mandrel
- Acts as its own junction/hook holder with smaller hook eyes
- Use as junction/hook holder for Micro, Thick Walled Micro and any 3/32" tubing
- Nests with Micro and Thick Walled Micro tubing

HMH Pre-Cut Premium Plastic, Copper and Aluminum Tubes

Pre-Cut Premium Plastic Tubes - Large (1/8" OD, 90001-xxx)

- Available in 1/2" increments up to 3"
- Use .062 pin or mandrel if not nesting
- Nests with Micro tubing - both standard and thick walled
- Tie directly on tube
- Flexible enough to except many hook eye sizes. May not need additional hook holding (junction tubing) material
- Use Large HMH Junction tubing if using hooks with large hook eyes
- Works with Large HMH Custom Drilled Coneheads

Copper & Aluminum Tubes (3/32" OD, #90051-xxx & 90021-xxx)

- Line with Micro or Thick-Walled Micro tubing
- Tie directly on tube
- Use HMH Large Hybrid tubing for hold holder
- If nesting with Micro standard drilled coneheads can be used
- Tie bottle style tubes

Large Copper Tubes (1/8" OD, 90031-xxx)

- Line with Micro or Thick-Walled Micro tubing
- Tie Directly on tube
- If nesting with Micro standard drilled coneheads can be used
- Hook holder: If nesting with Micro, use either Large or Med Hybrid. Or use Large HMH Junction tubing
- Tie bottle style tubes

HMH Junction Tubing (3/16" OD, #92001-xx & 1/8" OD #93001-xx)

- Sold in 12" single pieces
- Available in clear and 8 deadly colors
- Use as hook holding material
- Large fits over 1/8" OD tubing
- Small fits over 3/32" tubing and Micro tubing

HMH Custom Drilled Coneheads (Lg #700-xx, Med #701-xx, Sm #702-xx)

- Sold in packs of 10
- Available in Nickel, Brass and Black
- Three sizes - Large, Med and Small
- Large fits 1/8" OD tubes
- Med fits 3/32" OD tubes
- Small fits 1/16" OD tubes

HMH Custom Drilled Brass Beads (Med #707-xx, Sm #708-xx)

- Medium (7/32") brass bead is drilled to fit our small Cut To Length tubes.
- Small (3/16") is drilled to fit our Micro tubing.
- Available in nickel, brass, and black finishes.
- 10 to a package.
